

Agreement with TG Soil and Water, Inc.

In ordering these services, (I/we) realize it is (my/our) responsibility to mark the property boundaries to guarantee placement of the septic system within the property lines. If they are not clearly marked, we reserve the right to charge additional fees for time spent locating property lines.

Deposited amounts will be applied toward total charges. Any changes (I/we) request which result in additional site visits or plan modifications may result in additional fees. State and/or County approval may require modification of initial design. We agree to promptly pay any additional fees and expenses associated with design modifications required by State and/or County. Any payments not received within 30 days of billing date are subject to an 18% annual percentage rate late fee.

I/We understand soil testing provided pursuant to this contract is intended for use only to determine acceptable methods of on-site human waste (septic) disposal. No opinion is provided regarding water quality or the existence of groundwater pollution, solid waste or underground storage tanks on the property.

TG Soil and Water will be marking the system area with flags and may flag trees to be used as elevation markers. [Please do not remove any flags](#) until system as been installed.

[Please sign and return contract with total amount due.](#) Keep one copy for your records along with this agreement. We will assume the request for services canceled if the contract is not returned within 30 days unless notice is given to TG Soil and Water, Inc.
